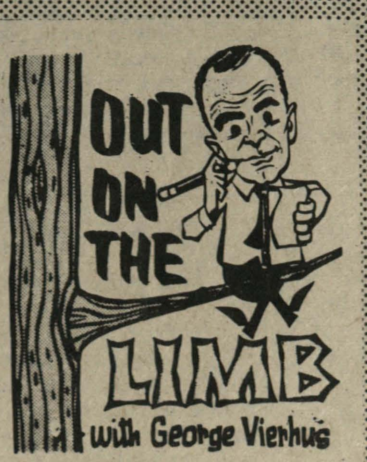
Vol. 78 No. 12 Wednesday, March 25, 1970 10¢
378-9136 35 Dillon Avenue, Campbell, California



OUR ANNUAL PROGress edition (Feb. 25) still continues to receive plaudits from readers and we are still pleased to publish same.

Note the letter-to-the-editor, for example, in this issue from Dr. Wallace Hall, first (and only) president of West Valley College.

Dr. Hall complimented us about the edition and particularly the story about the growth of West Valley College and the plans for the construction program that appeared in the special issue.

We thought the story about the college was pretty good, too.

But, as was the case in many of the reviews and reports that appeared in our "special", we must share the credit for the contents.

It was produced, at our request, by Sue Harrington, information assistant at West Valley, who, incidentally, does a bang-up professional job in churning out news releases about what is going on at West Valley.

We thought her report for the progress edition was "super" but, then, that's the kind of stuff we expect from Sue.

That's the trouble, maybe, about being a real "pro".

One always expects a pro to do a good job.

-0-

THIS, OF COURSE, brings up the next item which has to do with Dr. Hall's successor as president of West Valley College.

As you all know by this time, James P. Hardy, assistant superintendent and dean of business services of the junior college district, has been selected to become superintendent-president of the college when Wally retires on July 31 of this year.

We commend the governing board of the college in the selection of Jim Hardy as the second president of West Valley.

We think the choice is an excellent one and we are doubly pleased by the fact that the trustees saw fit to pick a person who is familiar with all the problems and the complexities that have made West Valley College a "challenge" from the day it came into being.

And Jim Hardy has been with it almost from the beginning. (He was the third employee hired.)

It is going to be a little difficult for a spell to remember that Wally is not the guy you contact to find out what's cooking at the college, for Dr. Hall will always be remembered as the person who really got the junior college off the ground.

And that's exactly what we mean.

It's a going concern today (with all the problems, of course, that go with it) but there was NO college around at all when Dr. Hall was hired. It has come a long way under Wally's guidance.

We think that James P. Hardy will make a top-notch college executive.

You know something, maybe those trustees know what they are doing after all.

They picked Jim out of 50 or so people who had applied for the job.

-0-

FOR THE RECORD, AND we must use that phrase loosely, the announcement of the appointment of Hardy as Hall's successor was made at a special meeting and/or press conference.

Obviously, it all had to be sort of hush-hush beforehand. Everyone involved was sworn to secrecy and all that.

We know.

We tried to get Sue to tell us what the score was before we high-tailed it to the special meeting and/or press conference at 4:30 p.m. last Thursday.

EASTER, 1970--The Rev. Anthony Wayne Myers, pastor of the Congregational Church of Campbell since June, 1966, presents the annual Easter Message in this issue.

an Easter Message

By Rev. Anthony Wayne Myers

The little church I attended as a boy was filled to the porch steps on Easter Sunday. Even the side doors into the Parlor had to be opened to seat the extra worshippers. The girls were beautiful in their new outfits, and all the older ladies came in new chapeaux. I remember that a certain hefty soprano made her annual solo offering. Many people would appear who were seen on no other occasion.

I am sure some people carried that "full church" image to their graves with them, having seen the church only on such occasions, a wedding, a funeral, or on Easter.

There were those who saw Jesus in the same way. They saw him only on the festive and crowd-filled days.

These people were parts of the crowds who lined the streets, crowded the lecture and healing meetings, sat on the hillside for the teaching and feeding events, brought children to be blessed, shouted for him on his entrance into Jerusalem, rushed into the Temple to see him protest against the racketeers who fleeced the people in the great courtyard there.

It was left for the few to carry on with him in the lonely hours, and when discouragement and enmity had taken their toll.

Only a few were the regulars. Just a handful were in the circle of the Last Supper, and one of that group went out to turn him over to the authorities for a price.

By the time they visited the garden where he prayed, the company had dwindled, and after his arrest, even the strongest friends either ran off to hide or denied they knew him. It was a diminishing crowd.

It was a lonely death between two thieves. Some women came, and a disciple who loved him managed to stay by the Cross. When he was buried, a stranger lent him his tomb.

The fact of the Resurrection came to only a few at first. First Easter was a private revelation, unexpected. The power in this event was not immediately felt but its meaning continues to reveal itself, like sunlight, millions of miles from its source, falling warmly upon the earth.

Every Easter the light and hope of that Resurrection event continues to radiate to an increasing company. Christ's life for others, once forsaken and spurned by men, is God's means of awakening us to His victory over sin and death.

Our filled churches on Easter here in Campbell are not symbolic of the Easter Parade of fashion, but of sincere devotion. The light of faith shines already in their lives. People who worship on Easter are as eager as the disciples were for a word of hope and resurrection in a time of doubt and death.

All of the churches of Campbell celebrate the Risen Lord on Easter.

Those who are looking for a life of hope are invited to celebrate with them.

Another election

School board loses another

Another special election (the second this year) must be held to fill a vacancy on the Campbell Union (elementary) School District board that will be created on March 31 when the resignation of John M. Merriell becomes effective.

College gets new president

Trustees of West Valley College turned to their own staff to select the new superintendent-president of the college. college.

In an afternoon meeting Thursday, board chairman Edward Panelli announced trustees had unanimously chosen James P. Hardy to fill the position. Hardy is currently assistant superintendent and dean of business services for the district.

The position opened last summer when Dr. Wallace W. Hall announced his plans to retire as of July 31 of this year.

In making the announcement, Panelli said the board found in Hardy "the valuable combination of a youthful, progressive and energetic educator who could bring with him a full knowledge of the college, its problems and its strengths."

He added, "the board feels that Mr. Hardy is well qualified and able to administer the present and prospective programs of the college and the board in the fine and outstanding tradition of his predecessor."

Hardy, 43, has been in education for nearly 20 years, serving as teacher, principal and superintendent. He was the third professional employee of the college, coming to West Valley from the Rio Linda School District in 1963.

Upon his appointment, Hardy said he was grateful for the honor and confidence shown by the board in his selection. He views his job as one of "completing the creation of a community institution of quality education," and noted that this would be impossible except for the "outstanding accomplishments already made by the 'Father of West Valley College', Dr. Wallace W. Hall."

Hardy explained that he intended to draw upon all groups involved with a community college, "particularly the faculty and students, in order to cooperatively provide the best community college education in the state at the lowest possible cost to the taxpayers."

His education was taken at Sacramento Junior College (A.A. degree in 1948), University of Santa Clara, where he received a B.S. degree in political science with cum laude honors in 1950, and an M.A. degree in 1960 from Sacramento State College. He is currently on leave from the doctoral program at the Uni-

Campbell mail goes through as letter carriers stay on job

Campbell letter carriers, who carried the mail uninterruptedly during the emotionally-packed period of the past week despite pressure from the outside for them to join the wildcat strikes, "made points" with business firms, civic leaders and their fellow citizens in their battle to better their economic conditions.

That appeared to be the consensus on the local mail front this week as the "wildcatters" throughout the nation straggled back to work to await the results of negotiations after the five-day moratorium.

The Campbell local (#3988) of the National Association of Letter Carriers, representing about 50 carriers and headed by Bob McClain, president, followed the direction of their national leaders by voting to strike but to stay on the job during the five-day moratorium.

As a result, patrons of the Campbell post office were barely affected by the situation that in some neighboring areas virtually caused a havoc on those dependent on mail deliveries.

Dick Adams, officer-in-charge at the Campbell office, said that because of cooperation of the local carriers and their conscientous efforts, there was no pile-up at the local office and incoming mail was delivered on schedule.

He said that in some instances, the embargo placed on a few of the affected areas (New York, New Jersey, Conn., etc.) affected the local patrons but other than that the regular routine was carried out.

Drive-in and interim

Council defers zoning issues

Action on two sticky zoning issues (Winchester Drive-in and Gilman-Dillon-Railway area) was deferred again by the City Council at another marathon meeting on Monday night.

But in both instances the councilmen indicated that they recognized that time was running out and an answer would have to be forthcoming soon on both questions.

In the case of the long-playing drama, "The Case of the Third Screen" relating to the Winchester Drive-in Theater, the Council directed staff to come up with definite answers by the next meeting (April 13) on two complex problems affecting the issue.

And, even without clear-cut answers, the councilmen indicated that they would definitely act on the questions that have been before them and the Planning Commission for many months.

In the case of the Gilman-Dillon-Railway matter, the Council adopted an emergency ordinance extending for 120 days the interim zoning that has been in effect for more than a year.

The Council also specified that the staff should immediately institute proceedings for hearings before the Planning Commission on what type of zoning should be put on the area, so that before the 120-day period expires, some definite zoning can be placed on the area. The first such hearing could be scheduled for April 20, it was explained.

The zoning problem for the Gilman - Dillon - Railway sector is compounded by the the Gilman - Dillon - Railway sector is compounded by the fact that the city's general plan calls for multiple housing in the area. Prior to the adoption of the interim zoning more than a year ago, the area was zoned M-1-S (industrial) and a number of industrial firms have built in the area. Others have applied.

The interim zoning was placed on the area so that no further industrial building of a permanent nature would be undertaken until it was decided if multiple housing, as the city's general plan specifies, was the answer.

In the meantime, the City has applied for federal funds under the Neighborhood Development program.

After a year and no closer to federal aid, property owners in the area have maintained that it was working a hardship on them and the interim zoning was stifling any potential building.

Before the council adopted the extension of the interim zoning by a 4-1 vote (Councilman Bill Smeed voting no), both oral and written protests were presented by property owners of the area who pleaded with the Council to do something about the area.

The majority of those going to the mike emphasized that industrial zoning was proper and that in many instances firms were just waiting to build.

On file also was a letter from the Chamber of Commerce industrial committee, headed by Lowell Grattan, which suggested a flexible zoning for the area with architectural control.

DRIVE-IN

The Winchester Drive-in Theater issue before the Council was virtually a re-run of previous sessions.

Before the Council were three appeals by Syufy Enterprises from Planning Commission rulings. The only appeal, however, that has been concerned about so far affects the proposed 244-unit apartment complex that has been approved for the six-acre land-locked parcel adjacent to the present drive-in theater. Syufy Enterprises have appealed the conditions that the applicant must provide access to the

Bank robber heists $1,710 from Barclay's

A tall, slender man with a deep voice, wearing a gold ski mask over his face, pulled a gun out of his coat and ordered everyone in Barclay's Bank, 1825 S. Winchester, to "Freeze, this is a hold-up.".

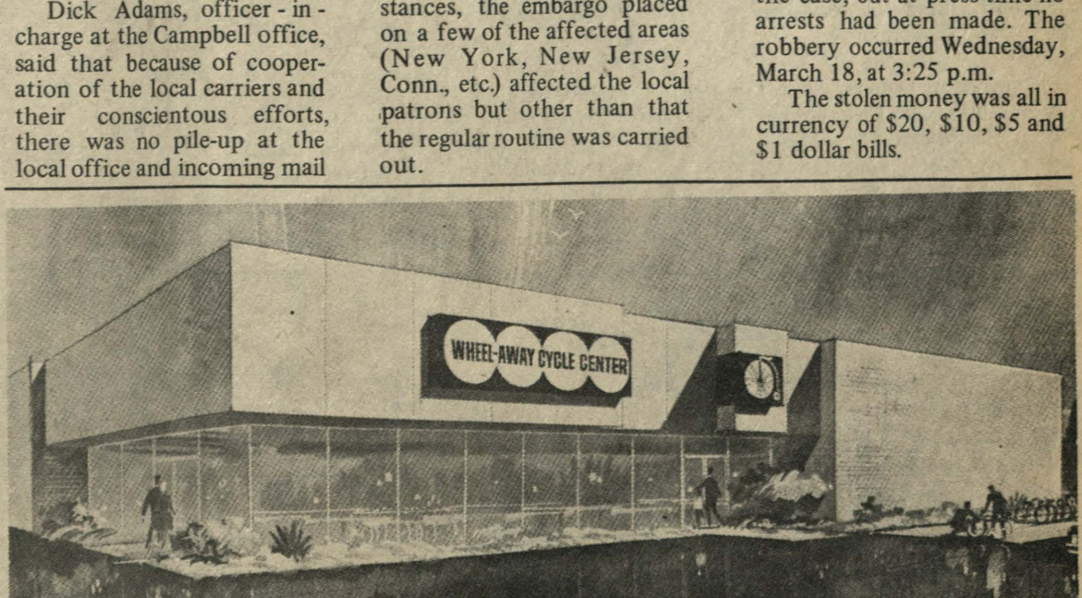
He threw two big brown paper bags before Carolyn J. Davis, teller, and ordered her to fill them both up, while he loaded his gun.

In the office, the secretary was talking on the phone to another bank in the area. Robert Blonder, manager, observed the unusual action in the tellers area, picked up the extension phone and asked the other bank to call the police.

However, the nervous bandit decided one bag full of money was enough, grabbed the bag containing $1,710 in currency and fled on foot out the side door, almost knocking over a customer on her way in.

Police arriving at the bank within minutes combed the area on foot and by car without turning up the suspect. The FBI has been called into the case, but at press time no arrests had been made. The robbery occurred Wednesday, March 18, at 3:25 p.m.

The stolen money was all in currency of $20, $10, $5 and $1 dollar bills.



OPENS APRIL 1--"WHEEL-AWAY", one of Campbell's most modern businesses, featuring the most complete cycle center in northern California, plans to be open at its new location, W. Hamilton at Harrison on April 1.

Since construction has been under way, "Wheel-Away", formerly located on Winchester Blvd., has been operating from the Campbell Cycle Center, Campbell Ave. at San Tomas. The architect's sketch (above) pictures the modern facility that is soon to open.

City Council candidates answer questions on civic issues

The Campbell Press, following a procedure established in previous city elections, has submitted 10 questions to the three City Council candidates, Ralph Doetsch, Bill Podgorsek and Kel Young, and in this issue presents their answers to the questions:

The following questions were submitted:

1. **What experience and training do you have to qualify you for this office?**
2. **If elected, what do you feel would be your major responsibility to the community?**
3. **What do you think are the three major problems facing Campbell today?**
4. **What improvements do you think should be made in city services and how should they be financed?**
5. **Should Campbell attempt to maintain a low density residential pattern, or should more intensive use of remaining open lands be encouraged?**
6. **Should specific areas be reserved for single-family development?**
7. **Should high density be permitted in all sections of Campbell and what type of residential zoning should there be adjacent to expressways and freeways?**
8. **Do you favor more active promotion in the development of controlled industries within the city limits?**
9. **How should the city expand the cultural and recreational facilities within its present budgetary limitations or should a tax be levied to develop such projects?**
10. **Should Campbell encourage maximum commercial development inclusive of new strip commercial, shopping centers, isolated stores and service commercial operations?**

ANSWER TO QUESTION 1:
I have served eight years on the Campbell City Council and am familiar with local city government, having served as Vice-Mayor, Mayor and numerous committees. I am presently on the transportation policy committee and chairman of the finance committee.

ANSWER TO QUESTION 2:
If reelected, I feel my major responsibility would be to complete the civic projects that have been started, such as civic center, central park and beautification program.

ANSWER TO QUESTION 3:
The three major problems facing Campbell today, in my opinion, are: 1) traffic problem in downtown Campbell; 2) inexpensive rental housing for senior citizens and lower-income people; 3) exploring public transportation possibilities.

ANSWER TO QUESTION 4:
Efforts should be made to stream-line city services by new and modern methods as the city budget allows under the present tax base.

ANSWER TO QUESTION 5:
The city must be flexible in its approach to the density problem. Each area within the city limits must stand on its own merits.

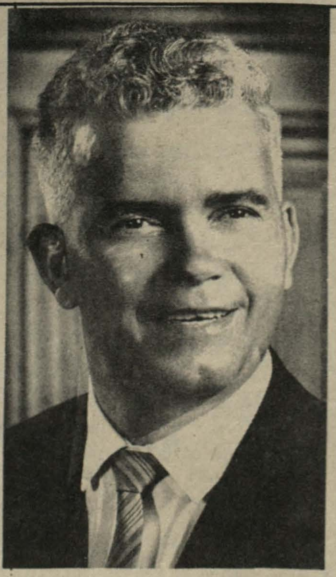
ANSWER TO QUESTION 6:
Certain specific areas within the city limits should be reserved for single-family development.

ANSWER TO QUESTION 7:
High density should not be permitted in all sections of Campbell. Areas adjacent to expressways and freeways, basically, appear to be more suitable for high density development rather than for single-family.

ANSWER TO QUESTION 8:
Continuous efforts should be made to promote the development of controlled industries for the areas that are now zoned for such development.

ANSWER TO QUESTION 9:
Expansion of cultural and recreational facilities should be developed only after a citizens group, representing all segments of the community, has determined what is needed or desired, and what the citizens are willing to pay for.

ANSWER TO QUESTION 10:
Commercial development should be determined by the best land use for the area after a study has been made.



William P. Podgorsek

ANSWER TO QUESTION 1:
A resident homeowner for more than seven years residing at 860 Virginia Avenue, Campbell. Active member of St. Lucy's Church. Past Grand Knight of Knights of Columbus. Past board member of Hazelwood Home and School Club. Member of San Jose Host Lions Club (perfect attendance six years). Co-owner of Spartan Printing Company, Inc. in San Jose. Member in good standing for the past 17 years of International Typography Union.

Vice Chairman of the City of Campbell Parks and Recreation Commission and Chairman of the successful 1969 Campbell Parks bond campaign.

ANSWER TO QUESTION 2:
My sole responsibility as a city councilman will be to the people of Campbell. I will strive to maintain our city government as a true servant of the people.

ANSWER TO QUESTION 3:
The three most important problems facing the Campbell City Council are Housing, the Downtown Business District and West Valley College. Housing because of the critical decisions to be made in the type, location and density of future development.

The downtown business district because of the delay in its revitalization, its clogged traffic and inadequate parking. West Valley because its "temporary" occupancy of a sizeable area of the heart of our city has made practical planning in that area virtually impossible.

ANSWER TO QUESTION 4:
Excellent city service have marked the progress of Campbell throughout its relatively short history. Rather than improvement of services I would propose the expansion of certain programs, particularly those public educational programs now being conducted by our Fire and Police departments. These are of immeasurable benefit in bringing about the mutual understanding and respect between public and government so vital to our system.

ANSWER TO QUESTIONS 5, 6 AND 7:
These three questions all deal with future development of residential areas. The present unmistakable public attitude toward apartments dictates an immediate re-evaluation of the City's General Plan and an examination of the amount and locations of existing high density zoning.

ANSWER TO QUESTION 8:
I do favor and will actively work for development of those areas of the city already designated for controlled industries. The people of the community want and need this type of development for more new jobs and a broader tax base.

ANSWER TO QUESTION 9:
New cultural and recreational facilities are now on the way, having been approved by the voters in the bond elections of 1967 and 1969. The new library should be a reality in 1970. Specific recreational elements for Rincon Park and the neighborhood school sites are being selected. The size and cost of these projects at this time are about all we can or are willing to afford.

ANSWER TO QUESTION 10:
In the opinion of our Planning Consultant, the existing commercial areas together with the future development along Hamilton Ave., Bascom Ave., and Winchester Blvd., are sufficient for our ultimate needs. We must not disturb the character of our residential neighborhoods by any further encroachment by commercial enterprises.

Kelvin S. Young

ANSWER TO QUESTION 1:
Sufficient education, plus special current courses in Finance, Business Administration, Labor Management; Serving on Board of Appeals and Planning Commission (Advisory Boards for the City Council), Personal Contact with City Administrations of many cities and Santa Clara County for the past 22 years.

ANSWER TO QUESTION 2:
To do my part and to the best of my ability, for an efficient, fair, economical and business-like government for the citizens and business people of Campbell.

ANSWER TO QUESTION 3:
(1) Stop Costly delay of construction of Civic Center and develop our parks without costly delays.

(2) Use aggressiveness and proceed in a business-like manner to get Federal Assistance for low cost housing - no sub-standard - for OUR low income citizens.

(3) A traffic circulation problem for the future for the benefit of our residential and business sections - not piecemeal.

ANSWER TO QUESTION 4:
We have an exceptionally good Police and Fire Department. Our other services are acceptable - financed as they are at present.

ANSWER TO QUESTION 5:
Maintain low density - we are not a commercial or industrial city - we are primarily a residential city.

ANSWER TO QUESTION 6:
Yes, this was decided in our Public Hearing on the 701 Program.

ANSWER TO QUESTION 7:
Part 1 - High Density should definitely not be permitted in all sections of the city.

Part 2 - Directly adjacent to freeways and expressways could be R2 and possibly R3.

ANSWER TO QUESTION 8:
Yes, in the presently zoned areas, they are apart from our residential areas and do not interfere. They have good access to Freeways, Expressways and Railroads.

ANSWER TO QUESTION 9:
(1) When cultural interests expand to the point our school auditoriums or our new Civic Center cannot provide for them - then would be the time to be evaluated.

(2) Now that we have acquired the land for our parks and recreational facilities and when they are developed to their potential, will we know what more is needed: If a tax is needed, it will be by the will of the people.

ANSWER TO QUESTION 10:
At the present time, we have all the Commercial Development Campbell can support. Through annexations and open space development, we could expand in many areas, but not now.

Fund raising luncheon kicks off "Yes" program

Would you employ a youth to work for you during summer vacation? If you would, but are hesitating because of one reason or another, you should attend the Youth Employment Service kick-off luncheon being held Thursday, March 26 at the First United Methodist Church.

During the luncheon period past employers of Campbell youth will tell of their experiences in having the young people work for them during the summer. Guest speakers will include Joe McMullen, head football coach of the San Jose football squad and George Atchinson, Oakland Raiders manager and the Governor Representative for summer jobs for youth.

Service clubs in the area have shifted their weekly luncheon meeting to coincide with the kick-off luncheon which will be sponsored by the Campbell Chamber of Commerce. The Rev. William H. (Ben) Gould will serve as M.C. at the fund raising luncheon.

Committee members working on the Youth Employment Committee include Ken Mantle, New York Life Insurance; Ralph Weymouth, Waddell and Reed, Carl Kuhn, City of Campbell assistant to the manager; Neal Royer, Campbell Union School District superintendent; John Copper, IBM; Betty Cunningham, West Valley College; Robert Peck, Campbell High School principal; Bob Bullard, C.P.A. and president of the Chamber of Commerce; Jeanette Watson, Campbell Citizens for Beautification chairman; Nick Roden, Pacific Telephone, Campbell manager; Len Edholm, CofC manager; and Dean Chamberlin, city councilman.

JAYCEE DIRECTOR

Don King, of the Campbell JayCees, and a national director for that organization, traveled to Tulsa, Oklahoma, and participated in the 50th anniversary year United States JayCees Board of Directors' meeting, March 19-21.

More than 450 JayCee directors and special guests were in attendance.

College opens planetarium on Friday evenings

West Valley College's planetarium will begin to have public presentations on April 3.

The public showings on Friday evenings are a result of the overwhelming public response to the college's first public planetarium program in December, "Star of Wonder."

During April and part of May the program will be "Astrology: Science or Pseudo Science", a show designed to explore the origins, workings, definition and validity of a complex system of study that has endured for 5,000 years of recorded history.

During the latter half of May and June "A Night in Space" will unveil the magic of our own solar system and its relations to the rest of the universe.

Sponsored by the Office of Community Services, the program for the planetarium was prepared in cooperation with Charles C. Warren, director of the Rosicrucian planetarium in San Jose.

There will be two showings each Friday night, at 7:30 and 8:30 p.m. Advanced reservations for any of the shows must be made at the Office of Community Services, 44 E. Latimer Ave., Campbell, telephone 379-1733, ext. 58.

MAEP holds class in public speech

Have you ever wished you could speak effectively in public? Metropolitan Adult Education teacher Mrs. Lelia Henderson says where there's a will, there's a way. The way is to attend her public speaking class at St. James Center each Monday from 12 noon to 3 p.m.

Newcomers are invited to join the group in learning how to deliver speeches of information, persuasion, introduction and welcome from outline form. Criticism will be lovingly provided.

You may enroll by visiting their next meeting, March 30.

GALS FOR SOFTBALL

The San Jose Police Athletic League is currently accepting names of girls 9 through 15 who are interested in playing softball during the summer, June through August. Called PAL-GAL, the league consists of two divisions, the first for girls 9 through 12 and the second 13 through 15. Sign-ups can be made at the PAL office (Call 292-3141, Ext. 725).

board president, submitted his letter of resignation to his fellow board members.

In his letter, Merriell, who was reelected trustee in April, 1969, said he had reached the decision only after a great deal of deliberation, and added that conditions now exist which could not have been foreseen when he was reelected last year for a four-year term.

He added that the reason for the decision was a personal one and that its disclosure would benefit neither him nor the district.

Merriell's resignation caused a reshuffling of the board's officers.

Jim Gilliland was named president and Ralph Steinberg vice-president. The two other board members are Mrs. Eleanor Graham-Armstrong and Richard MacQuiddy.

MacQuiddy was elected on Feb. 17 in an election called to fill the vacancy caused by the resignation of William A. Parton.

According to recent legislation, a special election must be called within 120 days after a resignation. In previous years, the board was allowed to fill a vacancy by appointment.

Efforts were being made this week to see if it will be possible to consolidate the special trustee election with the tax increase election that the elementary district has scheduled for June 2.

No soap.

The board room was packed with guys from the news media, college faculty members, student body officers and just interested parties, including the entire Hardy family, which should have been a dead giveaway.

The whole affair was done with decorum and good taste.

Edward Panelli, board president, called the special meeting to order. (All members were present except Bob Brydon who got there just a few minutes later).

The board then adjourned, amid knowing chuckles, to "consider a personnel matter" in the president's office. Panelli stated that it would only take a few minutes.

Then the board trailed in.

And the announcement was made that James P. Hardy had been selected and the motion was duly passed.

Jim made a brief and sincere speech of acceptance and introduced his family (who just happened to be on hand).

There was a lot of shooting...flash bulbs were popping all over the place.

Then it was all over.

Efficient Sue handed out a press packet, all neat and orderly, including a brand new picture of Hardy; a statement by Panelli; personnel data sheet on Hardy; a statement by James P. Hardy and a complete news story on the whole shooting match.

Actually, in case you might get the wrong impression, from our meanderings, it was well done all the way.

We don't know how the production could have been improved.

TWO EGO-BUILDERS arrived in the mail recently.

But we are sorry that we were not in a position to take advantage of either one.

One, which was, directed to us as owner of the Campbell Publishing Co., Inc., was from the director of sales of "Fairmont Hotel and Tower, Atop Nob Hill, San Francisco, Calif.

The sales director welcomed our company to the "growing number of firms making use of San Francisco as a corporate meeting site".

He added that they still had prime space available at the Fairmont for our 1970-71 corporate meetings. During certain periods, it was pointed out, they were offering special corporate packages to companies wishing to first-class, but on budget prices.

We sort of like that... We mean, "going first-class on budget prices"...

And, for a moment, we envisioned having our directors' meeting in the plush surroundings of the Fairmont.

But then we woke up.

So we guess we will just have to continue having our directors meetings around the breakfast table.

But it was nice of the Fairmont people to ask us.

THE OTHER "EGO-builder" was from the Cessna dealer at the San Jose airport.

His pitch had to do with how easy it is to own a Cessna these days.

(Many corporation executives apparently are taking advantage of the "fabulous" offer to acquire a plane so that they scoot around to their various branches and offices.)

According to the sales manager, we could make the deal of a lifetime–right now...with no down payment and with 60 equal monthly payments. And we would have the plane we have always wanted so we could keep in contact with our vast holdings.

It sounded great.

Y'know...pick up the phone...call the airport...

"Please get my plane ready, I've just had a call from our San Francisco office and a special directors meeting has been called for the Fairmont Hotel and Tower Atop Nob Hill"...

But again we woke up and came down to earth.

We realized it would be silly to take that plane on such a short hop.

And, besides, we had already decided not to take advantage of the Fairmont offer.

So we had to pass up both deals.

THIS IS THE YEAR OF the federal census and our office is being flooded with informational material concerning the head count that is to take place.

We note, for example, that the first census was taken in 1790. That year there were only five leading cities (New York, Philadelphia, Boston, Charleston, S.C., and Baltimore) and two others, Salem, Mass. and Newport, R.I., considered important urban centers.

Not only were the cities small in 1790 but most of the population lived in the rural areas (only 3.3% of the 1790 population lived in the seven cities of 8,000 or more.)

In contrast, the U.S. population in 1960 was 70% urban, with 300 cities of 50,000 persons or more.

It will be interesting to note what the percentage of urban dwellers will be in 1970.

And if there will be any count of smog.

Saturday creek hike open to all walkers

Like to walk? A walk full of adventure awaits hikers who are being invited by the Campbell Park's and Recreation Commission to join them on a walk this Saturday, March 28 at 9 a.m.

The walkers will assemble at the Campbell Park on Campbell Ave. at 9 a.m. and walk up the creek bank to Vasona Park. For those who want to call it a halt at Vasona, a bus will be provided to take them back to Campbell Park.

For the more adventuresome, the walk will continue up the creek to Lexington Dam, where the bus will again meet the hikers to return them back to Campbell.Park.

Dramatization of the need for developing the Los Gatos Creek area for park and recreational use will be the main purpose of the walk, as well as a first hand look at the problems involved in the development of the area.

A meeting will be called on April 7 at 7:30 p.m. in the Campbell City Council chambers for the purpose of further exploring the possibilities of developing the area.

Family groups, girl and boy scout groups, individuals and just people looking for a good walk are urged to join the crowd. Wear old clothing (you might have to scramble over some rocks) and old shoes suitable for walking. Sandals are not recommended.

MORE ABOUT

Council defers

(Continued from Page 1)

property at no cost to the city.

Still pending is the appeal of the denial by the Planning Commission of a request for a zone change of the parcel to allow the theater to expand. (They can't expand under the present zoning.) The other appeal is on denial of a use permit for a third screen.

The problem of access to the six acres has been the stickler from the beginning. A private road from Union (30-feet wide) now extends to the mobile home park, owned by Fred Sahadi and Mac Morris) adjacent to the six-acres.

Whether Sahadi and Morris would allow the proposed apartments to use the road had not been satisfactorily answered, according to the councilmen.

The Council, in deferring the matter, specified that a definite answer on that issue must be on file by the next meeting and directed the staff to meet with the parties concerned and obtain the necessary information.

Whether the 30-foot roadway will meet the city standards, should Sahadi, et al, make a deal, is a question that both Councilmen Dean Chamberlin and Bill Smeed emphasized also should not be overlooked.

The Council also wanted more definite information as to the complexity of the ownership of the theater parcels involved.

Most of the councilmen conceded that the issue had dragged on long enough and were reluctant to delay it any longer. Their sentiments were also echoed by Michael DiLeonardo, attorney for Syufy Enterprises.

He indicated, however, that another delay would be agreeable if the matter would be settled one way or another at the next meeting.

And that was the way it was left, for the April 13 showing.

MORE ABOUT

College gets

(Continued from Page 1)

versity of California, Berkeley, majoring in educational administration.

Prior to serving at West Valley College, Hardy was assistant superintendent at Rio Linda Union School District in Sacramento County (1959-63), where he also held the positions of administrative assistant (1956-59) and principal of two schools in that district (1953-56). From 1951-53, he worked in the Sylvan School District as a fifth and seventh grade teacher.

He is married, father of three children (son, age 14, and two daughters, ages 10 and 9), and resides with his family at 18880 Ansley Place, Saratoga.

The terms of his contract and his salary have not as yet been determined by the governing board. However, the current superintendent-president holds a four-year contract and is paid $32,000 annually.

City hall goes to bid

Campbell's new city hall, approved by the voters by a bond issue in October, 1967, this week went past the "dream stage" when the City Council on Monday night called for bids on the structure.

Bids are scheduled to be opened on April 22 when they will be tabulated and presented to the City Council with recommendations at the Council meeting on April 27.

In a related matter, affecting the overall civic center project which includes the new library, the Council approved the purchase of two lots from Henry Grattan for $45,300. One of the lots fronts on Central and the other on Harrison.

City Manager Bob Stephens reported that only one of the seven lots needed for the library site has not been acquired by the city. So far, he said, negotiations have been unsuccessful for the acquisition of the Ray Stroppa property on Harrison.

The Council also approved offering $80,000 of the park bonds remaining unsold in order to carry out the neighborhood park program in cooperation with eight elementary schools in the city.

Don Hebard, chairman of Parks and Recreation Commission, recommended to the Council that the $80,000 be offered for five or eight years and felt that there would be bidders for them below the present maximum interest rate of 6%.

The alternative would be, he pointed out, to go to the electorate to increase the interest ceiling.

In another park matter, the Council approved the presentation made by Hank Cary, a member of the Parks and Recreation Commission and chairman of the Rincon Park development committee, for the priorities in planning for facilities at Rincon Park.

The recommendations will be submitted to the landscape architect now drafting plans for the city parks. The recommendations were based on the survey that was conducted of the citizens.

The Council on Monday night also approved payroll deductions for membership dues of the newly-formed firemen's union. The request was made by Gerald A. Eller, a captain in the department, and president of the new local #1939 of the International Association of Fire Fighters AFL-CIO.

The Council also adopted the ordinance approving the second cable TV franchise for Campbell. By a 4-1 vote (Mayor Homer Hyde opposing) the Nationwide CATV received the blessing of the City Council

In another action, the Council directed City Attorney Joe Bonacina to draft legislation giving the city some control over firms towing vehicles away from private parking lots.

The action stemmed from a letter-to-the-editor in The Campbell Press written by Pat Sullivan, of 2289 Wren Way, describing his experience with a towing firm.

Service clubs hold third alliance meet

A Service Alliance of all of the service, fraternal and professional organizations in the Campbell area is being discussed. The third in a series of meetings to determine the needs of the community for the alliance will be held Tuesday, March 31 at 8 p.m. at the Campbell Union School District office, 155 N. Third Street.

Previous meetings have been attended by representatives of 20 organizations

The Campbell JayCees are sponsoring the organization groundwork meetings with the California JayCees undertaking the project on a statewide basis.

Attending the first meetings were representatives of the Campbell Lions, Rotary, Optimists, Senior Citizens, Chamber of Commerce, Country Woman's Club, Little League, Santa Clara County Mental Health, Orchard City Grange, Women's Service Club of Campbell, JayCees and JayCettes, Moose Lodge, Congregational Church, Volunteer Bureau of Santa Clara, Citizens for Beautification and Girl Scouts of America.

OVERFLOW CROWD --- The board room at West Valley College was jampacked with interested spectators (above) last Thursday when the trustees announced their selection for president of the college to succeed Dr. Wallace Hall. James P. Hardy, presently assistant superintendent and dean of business services, on the left making his acceptance speech, was named to take office when Dr. Hall retires on July 31. Showing special interest in the proceedings was the group in the front row, the new president's immediate family.

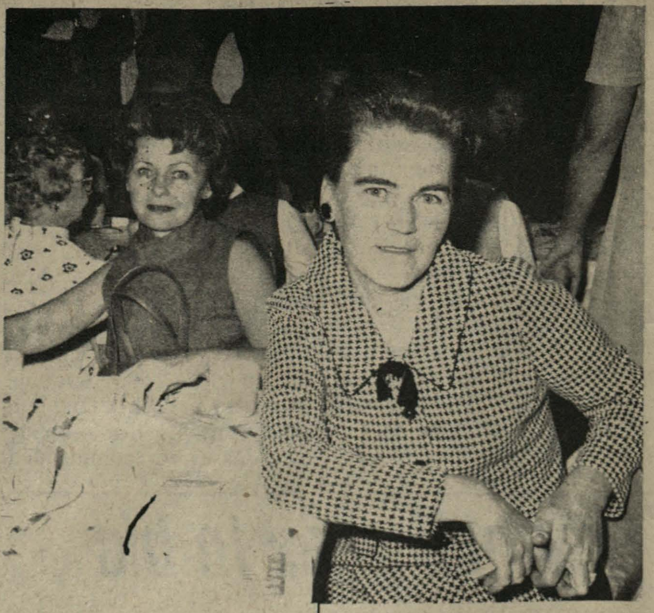
SMARTLY TURNED OUT—Mrs. Carl Binley was caught just as she turned on the ramp while modeling one of the many lovely outfits at the Women's Service Club of Campbell luncheon fashion show at the First United Methodist Church. The large fellowship hall was full to capacity for the event.



ENJOYING THE SHOW—Mrs. Dorothy Maxwell, wife of Campbell Fire Chief George Maxwell, and Mrs. Nadine Sargent, candidate for the post of Campbell City treasurer, were among the nearly 400 guests enjoying the Women's Service Club of Campbell luncheon fashion show last week at the Methodist Church.

Capacity crowd enjoys Service Club fashion show

Well, ladies–it seems that hems are up - or down - depending on how you personally want to wear them. Only be sure and wear a scarf, long thin strings of beads and, above all, your outfit must have long sleeves. Or so it would seem from the lovely fashions modeled last week at the Women's Service Club of Campbell fashion luncheon show held at the First United Methodist Church of Campbell.

Pant-suits were definitely "in" as were little short pleated skirts under long jackets. Colors? Color them pretty, feminine. Citrus colors, lavender or shades of lavender, pinks and the patriotic red, white and blue combinations were all seen.

A capacity crowd turned out for the social event put on by the club members under the chairmanship of Mrs. Dean Chamberlin. A stirring flag presentation by the R.O.T.C. students from the Campbell High School set the theme of "Salute to our Heritage", cleverly carried out by the red, white and blue table and hall decorations.

The tiny name tags were colorfully decorated with dyed sea shells in the patriotic color scheme.

Models were members of the club and it was so nice to see familiar faces–and figures–displaying the spring outfits that will be worn in the Campbell scene for the coming months. Two-piece outfits were also very popular and a red and white coat-dress outfit banded with red and blue proved to be one of the more striking outfits shown.

A TREE IS PLANTED--Arbor Day, March 12, at St. Lucy's School was observed with the planting of a tree at the school grounds. Above, placing the Monterey Pine in the ground is Father Leonard W. Bose. Looking on are Mark Richardson, eighth grade president; David Bush, eighth grade vice-president; and Mrs. Jeanette Watson, chairman of the Campbell Citizens for Beautification. The tree was donated by the beautification committee.

Six new members join Bethel 174 Job's Daughters

Six new members were initiated into the Bethel 174 Campbell International Order of Job's Daughters at a lovely ceremony held recently by the order.

Being received into membership were Valerie Anzalone, Jennifer Cansler, Davette Myers, Cande Clotheir, and Jackie and Terri Hall.

Mrs. Lois Pezzaglia, deputy grand guardian paid her official visit to the Bethel 174 and was presented with a corsage and Honored Queen's carrying piece.

Entertainment during the evening included a jazz dance by Misses Sheri Stephenson, Sylvia Miller and Jenni Johnson. Refreshments were served at the close of the business meeting.

A very successful dime-a-dip dinner was held on Feb. 21 to raise funds for the benefit of Klista Yazzi, the Indian girl adopted by the Bethel.

The patriotic theme for the supper was carried out in red, white and blue decorations. On one wall were life size figures of "The Spirit of '76" with George Washington and the cherry tree and hatchet decorating another wall. Table decorations included small American flags centered on red and blue paper streamers.

Capt. T. R. Young

Captain and Mrs. Thomas R. Young and baby daughter, Margaret, arrived recently from Washington, Mo., where Capt. Young has been in charge of a reserve training unit for the past year.

He and Mrs. Young, the former Linda Myers, are visiting at the home of her mother, Mrs. Mildred Myers, 290 W. Latimer Ave.

Capt. Young will leave on March 31 for a tour of duty in Korea and Mrs. Young and daughter will remain in Campbell with Mrs. Myers for the year while Capt. Young is away.

Open house honors MacEwens

Mr. and Mrs. Kenneth MacEwen, Vista volunteers for the West Valley Senior Action Center since last June, were honored at a recent open house held at the center.

Gathering to say good-by to the MacEwens who had been called back to New York, were members of the center, Campbell City councilmen, government and Department of Mental Health representatives.

A unique farewell gift was presented to the honorees by Miss Louise Fishburne, Vista representative. A money tree, and in this instance a small Alberta Spruce, bore the good wishes of the senior citizens. It was hoped that the MacEwens would use the "green fruit" to buy Indian jewelry and artifacts to add to their collection as they traveled through Arizona, and that the "green" tree would be used as a living Christmas tree for many years to come.

O. E. S.

Mrs. Cathy Jeskey will be the Easter chairman for the Friday, March 27 meeting of the Campbell Chapter No. 553, Order of Eastern Star.

Mrs. Mary Wilson, worthy matron, will preside with Les Titus, worthy patron. The meeting will be held at 8 p.m. in the Odd Fellows Hall, 276 E. Campbell Ave.

April 2 set for Altar Guild salad luncheon

April 2 has been set as the date for the annual Salad and Wine Tasting Luncheon sponsored every year by the St. Lucy's Altar Society. As usual this social event is one of the highlights of the spring social season, and is always very well attended. Luncheon will be served in Kennelly Hall, next to St. Lucy's Church.

The luncheon table settings have gained a reputation as being extremely attractive and unusual, and this year the table committee have again outdone themselves, according to Mrs. Joseph Aversente, general chairman.

Beautiful salads of all shapes, sizes and varieties will be spread on buffet tables to tempt the appetite and the lovely Altar Society ladies will be on hand with unequaled service.

Preceding the luncheon will be wine tasting in the annex hall of some unusual wines grown by the orders, with luncheon being served at 12:30. Entertainment during the social event will be offered by the Bell Tones of the Pacific Telephone Co. Many door prizes will be given away during the luncheon.

Reservations must be confirmed by phoning Mrs. L. Dardanelli, 378-3957, by March 31. Tickets will also be available at the door.

Serving on the committee is Mrs. Mary McClafferty, president of the organization who will greet the visitors at the door. Other committee members include Mesdames John Prolo, Dorothy Smith, Rose Kelly, Pauline Cusumano, Angelina Civivilleri, Vincent Ettare, L. Greco, Ida Frank, L. Dardanelli, F. Lucas, Mary Salciccia, P. Shea, C. Stewart Angie Lorretta, Eleanor Magnasco, Agnes Katzer, Alice Littleton and Mary Scott.

Campbell women receive Good Sam awards

In the chapel of the Good Samaritan Hospital of Santa Clara Valley on Saturday, March 14, the ceremony of emblem presentation took place.

Robert K. Kirk, hospital administrator, presented the three-step Cross emblem of the Good Samaritan Hospital Auxiliary to 83 new Senior and Junior members who had completed the provisional period of training as a volunteer.

Mrs. Will W. Lester, Jr., president, and Mrs. Charles Dorr, membership chairman, presided. Following the brief program in the chapel, refreshments and a hospital tour for visitors were provided.

Among those receiving their emblems were Senior members Mesdames Joe Wagster and Robert Hill and Junior member Miss Toni Bernardi, all of Campbell.

National director plans meet

Richard Hackendahl, National Clean-up, Paint-up and Fix-up director, will be a guest in Campbell on Wednesday, March 25, according to Mrs. Jeanette Watson.

Members of the Campbell Citizens for Beautification committee commission, Homer Hyde, mayor of Campbell, Don Hebard, Campbell Parks and Recreation chairman, and other dignitaries, will meet with Hackendahl for lunch at Renzo's and then proceed on a tour of the various beautification projects undertaken by the committee during the last two years. Slides will be shown of the area during the lunch period.

FIRST ANNUAL CLASSIC---Westmont High Warriors and Campbell High Bucs are scheduled to meet in a doubleheader West Valley Athletic League baseball game in the San Jose Bees ball park on Saturday, April 14. Booster clubs of the schools hope to make it an annual event.

The frosh-soph teams will meet at 5:30 p.m. and the varsity battle will follow.

Pictured are four members of the Bucs pitching staff who undoubtedly will see action. From left to right, Rick Angelo, Jeff Mason, Joe Avarez, and Kelly Davis.

In the other photo, two members of the Westmont varsity, Mike Martinez (second baseman) left, and Terry Murdock (right fielder) trot out to their places on the diamond.

Vikings host Easter tourney

For the past few years West Valley College and San Jose City College have presented the Viking-Jaguar Easter Baseball Tournament. But for the first time ever the Vikings alone are prepared to sponsor the annual spring event.

The Viking Easter Tourney will begin at 10 a.m. on Thursday, March 26 with the finals scheduled for the following day at 3 p.m. at San Jose Municipal Stadium. The opening round will pit San Jose City and Cuesta at the SJCC diamond, Fresno City and Solano at Lincoln High School, West Valley and San Joaquin Delta at Bellermine, and Canada and Cabrillo at Washington Park.

IT IS SPRING---A combination of beautiful spring weather plus Easter vacation for the kids has made the county park in Campbell off Dell Ave. a mecca for the young fry... and a scattering of oldsters also.

Although the fish were not biting as well as the fishermen would have liked (Have you ever heard when they did?), hundreds were wetting their poles in the percolation pond at the county park. Some of 'em are pictured. A couple of other youths are also shown launching their kayaks in the pond.

CAMPBELL PARK---During these balmy spring days, Campbell Park at Gilman and Campbell avenues, has proved a popular spot for mothers and their kids, who thoroughly enjoy (the kids, anyways) the swings and other facilities of the city park.

Federal census of 1970 will show 10 years of vast change

Ten years of change in California's population and housing will be measured by the Nineteenth Decennial Census to be conducted throughout the Nation in April, 1970 by the Bureau of the Census, U.S. Department of Commerce.

CENSUS–TAKING

Even the method of taking the census will be changed for many Americans. All householders will receive census forms by mail and will fill them out at home. In densely populated areas, including 17 counties in California, they will be asked to return the forms by mail to the Census Bureau. These people will be visited by census takers only if they do not return their forms. In other parts of the country, census takers will call to pick up the completed forms.

In California, the new mail-out, mail-back method will be used in all of San Francisco County and in most of the following counties: Orange, Los Angeles, Ventura, Sacramento, Riverside, San Bernardino, San Diego, Alameda, Contra Costa, Marin, San Mateo, Santa Clara, San Joaquin, Napa, Solano and Yolo.

EARLY CENSUSES

California was admitted to the union in 1850 as the 31st State. In 1860, the first year for which complete returns are available, the population was 379,994. By 1900 the population stood at 1,485,053. The most rapid rate of growth (60.1 percent) in the 20th century, occured during the 1900-1910 decade.

By mid-century the population was 10,586,223. The greatest numerical gain (5,130,981) in the history of the State took place in the 1950-1960 decade.

WVC completes play casting

Final casting has been completed for West Valley College's drama production of "Barefoot in the Park," which will run April 30 and May 1 and 2.

Shelley Stratton, Los Gatos High graduate, will play Corie Bratter, with John Wood as her husband Paul.

Ruth Cook, graduate of Mother Butler in Santa Clara, will play Corie's mother, Dan O'Connell, Camden High, will portray Victor Velasco, the Bratter's odd neighbor, while Rick Ambler and Ed Lewis, Camden High, will portray the delivery man and telephone man, respectively.

Directed by Jack Senteney of the college's drama department.

Moreland shifts school heads

Five of Moreland's 16 school principals have been reassigned for next school year, according to Superintendent Richard L. Davis.

Lauren Amdahl, Strawberry Park principal for four years and the past eight years as school head at Easterbrook is transferred to El Quito Park School. He replaces James Gomes, a former district teacher and principal with four years service who is assigned as principal at Latimer School.

Claude Tallent, 11 years as principal of Latimer, will assume the leadership of Easterbrook School, and Dennis Daggett, principal for two years and three months, moves from Amber Drive to Castro Junior High.

Frank Lovoi with 17 years of district service, four as vice-principal and principal of the Moreland School and the last 13 as Castro Junior High School principal will be reassigned to Amber Drive.

5¾% on our Investors Passbook account. No other California bank or savings and loan pays 5¾% on passbook deposits. That's the highest rate anywhere on passbooks.

What's more, at Bank of America you have three ways to earn high passbook interest. It all depends on how long you want to keep your funds invested. Let's take it from the top.

5¾% Investors Passbook.
Leave your money with us for two years and it will earn 5¾% annual interest. Compounded and paid quarterly. $500 minimum deposit. And you can add to it any time in amounts of $100 or more.

5½% Investors Passbook.
If a one-year maturity is about right for you, we'll pay you 5½% interest. The same $500 minimum applies, as well as the privilege of adding to your investment in amounts of $100 or more.

5% Investors Passbook.
This is our short term offer. 90 day maturity. And you earn 5% annual interest. Again, a $500 minimum opens an account. Add to it in amounts of $100 or more.

That's our new rate story. But you haven't heard the end of it. The security of the world's largest bank. It's always been the clincher for saving at Bank of America. We think you should make money minus worry. The business of living can have its enjoyable moments. Save with us.

Wide-eyed in Washington

By Mason Sacks

Newspapers can and do play an important role in the running of our country; the press has sometimes been referred to as the "fourth branch of government." The nature of the role that the press ultimately plans is influenced by many factors. Not the least of these factors is the attitude of the newspaper reporter himself toward his own work and the role that he should play. In speaking with Washington correspondents from several different newspapers, I found that these attitudes can vary greatly.

"I feel that I must serve as both an informer and interpreter," related a correspondent from a Toronto Newspaper. "Canadian readers possess little background knowledge of American affairs, at least when compared to the American reader. Therefore, in addition to presenting the basic facts of a situation, I also have to attempt to explain what they mean."

A correspondent from a newspaper in Minneapolis, Minn. presented a similar view. "Things are so complex today that the average reader hardly can be expected to comprehend all of the implications of a particular news event. Even if you are in the thick of things, right here in Washington, it takes an incredible amount of time to sort things out. A newspaper, I believe, should do all that it can to help the reader in his own individual sorting process."

"One of the most important qualities of a reporter is to be highly cynical," stated a correspondent from a Rhode Island newspaper. "If a person can fool the news media, he can fool everyone. I view the press as a type of protector for the public. You'd be surprised how many people would try to put one over if they got the chance. It's up to the press to try to keep this from happening."

The correspondent from Rhode Island went on to say that "nerve" is required if a reporter is to do his job properly. "Sometimes when I am trying to get certain information from an official, he will sidetrack and seem to dare you to get them back on the track. You have to be tough to keep asking questions when it's obvious that he doesn't want to answer, And the more important an official is, the more nerve it takes to keep pressing."

"I believe that the primary role of the press is to investigate and expose what the government is doing," commented a correspondent for a newspaper in New York. "A reporter who exposes corruption such as in the Bobby Baker case is fulfilling the press's highest obligation. To be an investigative reporter, however, is not easy; it is much harder to dig up facts than to merely report them. It takes much time and hard work, and you always have to take the risk that your efforts might be totally wasted. The 'scandal' you've been looking into may turn out to not be a scandal at all."

A correspondent from another New York newspaper disagreed strongly with many of the above observations. "If you ask me," he said, "a newspaper reporter has only one job: to get the facts and report them to the reader. I don't think that a reporter should do any interpretting at all. The reader should receive an objective accounting of the facts, and that's all. When you start 'explaining' things, a news story can become biased. And a biased story can be worse than no story at all."

BofA PLAQUE WINNERS— Outstanding achievers in their field at Campbell High School were awarded plaques by the Bank of America. Winners included, l. to r., Nancy Merrill, fine arts; Charlene Gates, liberal arts; Steve Borsgard, science and math; and Terry Millikin, vocational arts.

B of A announces award winners

Sixteen seniors at Campbell High have been honored in the annual Bank of America Achievement Awards program this year. Four students were awarded plaques for their outstanding achievements in a general field of study, and will have the opportunity of competing with top students from other schools for cash awards ranging up to $1,000.

The plaque winners and the study fields in which they were chosen are: Steven Borsgard, science and math; Nancy Merriell, fine arts, Charlene Gates, liberal arts; and Terry Millikin, vocational arts.

Twelve other students were cited for their superior performance in specific fields of study and will receive certificates of merit.

They are: Douglas Campbell, Rodney Engdahl, Cynthia Mankamyer, Terrel Young, Mark Harveille, Catherine Willbee, Debra Magginetti, Robert Hambelton, Sheri Bohnett, Debbie Takacs, Kenneth Sparkman, and Richard Lujan.

Selection of the certificate and plaque winners was made by the school faculty. Factors taken into consideration included scholastic attainment, sense of civic responsibility and evidence of leadership.

The records of the plaque winners will be forwarded to a screening committee, which will then select students from area high schools to appear in the zone event. Zone competition will be held March 31 in San Jose.

At the zone event, a panel of distinguished civic, business and professional leaders will interview the students. Winners will be chosen on the basis of scholastic records, extracurricular activities, and the interviews.

The top four winners in the zone event will then advance to the highest phase of the competition–the area finals–where they will contend for cash awards ranging from $250 to $1,000.

Second and third place winners in each study field at the zone event will receive $50 and $25 awards, respectively.

MAEP offers pollution class

A four week symposium entitled "Man's Environment: Survival or Disaster" begins April 6 under the Metropolitan Adult Education Program.

Everyone interested in their physical future and that of their children's is urged to attend the meeting to find out what can be done about the pollution problem.

Via films and slides, three speakers will examine the cause of pollution; what is being done about it and what the individual can do to help.

Teaching the course will be Larry Flammer and Fred Fisher, both science teachers and sponsors of the Campbell High School's Science Education Workshop and Bob Matson, recent graduate of USC's Air Pollution Control Institute.

The class will be held at the Samuel Ayer High School, Milpitas, starting at 7:30 p.m. Registration may be made at any adult center or on the first Monday of the symposium.

Camden Chatter

by Paul Bell

Camden's seniors will float into the starstream of the "Age of Aquarius" when the Senior Ball is held in the alluring atmosphere of the La Rinconada Club on the evening of April 10. The "Chosen Few" will project orbital vibrations to enhance the blue and white colossal theme.

Afterwards, the Class of '70 and their guests can entertain themselves with bowling, pool, and dancing to the "Goody Two Shoes" at the Plaza Lanes from 1 to 5 a.m.

Camden will host another rock session, better known as a Film/Folk Fest, on Friday, April 3. Auditions were held last Tuesday and Thursday after school. Special arts include amateur folk singers, films, and a fantastic light show to entertain all who attend.

What's a rekus? That's the question being asked all over campus. The retail selling classes, taught by Mr. Fleming, are trying to sell this product without giving it's identity. The price of this wonderless product is 50¢ and all proceeds go to the Student Body Fund. On April 1, students can turn in their receipts and learn what they have purchased.

SUPERIOR PERFORMANCE-- Receiving certificates in the Bank of America Achievement award program at Campbell High School were bottom row, l. to r., Cynthia Mankamyer, Cathy Willbee and Terry Young. On the top row are Bob Hambelton, Rod Engdahl, Doug Campbell and Mark Haveille.

Campbell Corners

By Cindy Harris

Besides being proud of the 16 seniors at Campbell who received honors in the annual Bank of America Achievements Awards, we are also proud of the 40 students who achieved straight A's last semester.

The freshmen had the greatest number of straight A students and they are: Catherine Anderson, David Buell, Mark Caton, Alice V. Gonzales, Karen Hastings, Debbie Kramer, Mark Lavelle, Dale Levandowski, Regina Lin, Howell Lowe, Robin Newhall, Marsha Nishi, Robert Schoenberger, and Dave Whittiker.

The sophomores ranked second, having 12 students, including Martin Ageson, Joanne Asano, Valerie Chance, Craig Fischer, Mike Grindon, Cheryl Hipple, Steven Lopez, Cindy McKay, Sue Mitchell, Stephen Pattison, David Rosenthal and Greg Strannigan.

The seniors took third with eight students. They were Steve Borsgard, Rodney Engdahl, Charlene Gates, Robyn Justo, Cynthia Mankamyer, Terry Millikin, Barry Smith and Jean Vollenweider.

Last, but not least, stand the juniors with six outstanding students. These six are Christine Acker, Terry Bullian, Lucie Mueller, Paul Rosenlund, Joyce Schmitz and Marilyn Wen.

Keep up the great work!

Coming up on May 1 is International Day at Campbell. On this day all the foreign exchange students in the Campbell High School District will be invited to Campbell for the day. These 25 students from all parts of the world will join the government classes for the day for discussions and things on that line.

They will then be invited to a luncheon put on by the homemaking department.

Campbell has three foreign exchange students this year. Vetle Rhode is from Norway and is a part of the McLain family while staying here. Selma Sindram from Holland is staying with Mr. and Mrs. Art Ring. From Chile, we have Marcella Parra who is residing with Mr. and Mrs. Lee.

April 7 lecture by Rossiter

Political science expert and noted author Clinton Rossiter will speak on "The American Crisis: Is It Real? Is It Manageable?" at West Valley College April 7 at 8 p.m.

Raised in Bronxville, N.Y., the young author/lecturer was educated at Cornell University (B.A. in classics, 1939) and Princeton University (M.A. in politics, 1941, and Ph.D. in 1942).

He has served as instructor in political science at the University of Michigan and as visiting professor of politics at Princeton University. In addition to instructional duties, he has also been a lecturer at more than 100 universities in the U.S. including West Point, Coast Guard Academy, Naval War College, Army War College and Air Force Academy and at universities in countries throughout the world.

He has authored "The American Presidency", which was translated into more than 30 languages, "Conservatism in America", "Parties and Politics in America", "Seedtime of the Republic", and "The Essential Lippman", among others.

Rossiter currently is the John L. Senior University professor of the American Institution at Cornell University, a position he has held since 1958.

Rossiter's appearance at the Campbell campus auditorium is sponsored by the Office of Community Services, 44 E. Latimer Ave., Campbell, room L-26. Tickets must be obtained through that office and further information may be obtained by calling 379-1733, ext. 58.

HONOR ROLL

Charles (Chuck) E. Hawthorne, 411 Kings Court, has been named to the honor roll for the winter quarter at Washington State University. Chuck is a graduate of Campbell High School and was a star varsity football player, for that team.

At the Eastern Washington State College Mrs. Carol M. Wittenberg, the daughter of Mr. and Mrs. Ervin D. Pilger, 1769 Silacci Dr., has been named to the honor roll.

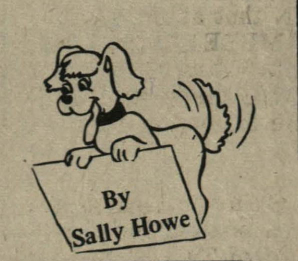
Bringing up fido



THE WELL-SCRUBBED LOOK—"Fancy", a St. Bernard owned by David Kinzie, 899 Kenneth Ave., of Campbell, demonstrates how nice a dog who is well cared for looks--and feels. Fancy is a year old and weighs 150 lbs.

A professional dog groomer asked me recently to write a column on the condition of dogs brought to a grooming shop.

"Well," you may say, "I hope she's not going to complain; after all, I pay her well to bathe and clip my dog!"

I don't believe the groomers are complaining when they point out that a little more attention by the dog owner could make a day at the local parlor a lot more pleasant for Fido.

One groomer I know has what appears to be the skin of a dog hanging on the wall of her shop.

Don't worry, it isn't!

It IS the hair of a dog — one who was so badly matted that he had to be clipped to the skin and his coat completely removed.

A little care by his owner could have prevented this.

A dog's skin needs to breathe just like a human skin. Superficial brushing may make him look presentable, but down underneath he may be a mass of mats, skin irritations and a haven for parasites. The "bath" that you pay for takes a relatively short time. BEFORE that bath can be started, however, the groomer must brush (and sometimes cut) out all tangles.

Ears and paws need care, too. Most groomers carefully clean ears and frequently find fungus, infection and the like. Since they are not licensed to offer medication, they must rely on you to follow their advice to seek proper medical care.

Some groomers tell me that if they once find a sore ear, an inflamed gum, or a sore pad, they will refuse to bathe the dog again until it is cleared up.

This is for their protection and also because of their love for dogs.

Claw-like nails do nothing for the dog, At best, his nails can cause welts in his own skin when he scratches. If you don't wish to spend money on a complete grooming job, take him in for a "nail job".

Don't think that because your dog wears a flea collar that he won't scratch, DIRT itches, too!

Even if your dog only is bathed occasionally, DO make brushing a routine. Brushes are inexpensive and the time you put in will be well spent.

And, the next time you pick him up from the groomer's, you may see a little pleasanter look on her face — and a happier dog will greet you!

NOTICE IS HEREBY GIVEN that at an election to be held in the CAMPBELL UNION SCHOOL DISTRICT of Santa Clara County, California, on JUNE 2, 1970, there will be submitted to the voters the following measure(s):

PROPOSITION NO. 1:

Shall the Campbell Union School District of Santa Clara County incur a bonded indebtedness in the principal amount of Two Million Five Hundred Ninety Thousand Dollars ($2,590,000.00) bearing interest at a rate of not exceeding 7% per annum, payable annually for the first year the bonds are to run, and semiannually thereafter, and the number of years the whole or any part of the bonds are to run shall not exceed 25 years from the date of the bonds or the date of any series thereof, to provide funds for the following purposes (which are hereby united and shall be voted upon as one single proposition) to wit:

1. The purchasing of school lots.
2. The building or purchasing of school buildings.
3. The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs.
4. The repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity.
5. The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature.
6. The permanent improvement of the school grounds.
7. The carrying out of the projects or purposes authorized in Section 15811 of the Education Code, to wit, providing sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property?

At an election held in this district on September 15, 1964, $5,000,000.00 of bonds were authorized with a maximum interest rate of 5%. $2,410,000.00 of these bonds have heretofore been sold and $2,590,000.00 remain unsold and cannot now be sold because interest rates in the bond market are higher than 5%. The $2,590,000.00 of bonds to be voted on at the election to be held in this district on June 2, 1970, are authorized for the same purposes as the above-mentioned unsold bonds, which will NOT be offered for sale if the coming election carries.

PROPOSITION NO. 2:

Shall the proposed increase in the maximum tax rate from $2.55 to $3.15 per one hundred dollars ($100.00) of assessed valuation, such rate to be in effect in the Campbell Union School District for the school years 1970-71 to and including 1972-73, the revenues of which are to be used for the maintenance of the educational program, including funds for instructional supplies, library books, the maintenance and repair of buildings, grounds and equipment, operation, employee salaries, capital outlay, and to make such other lawful expenditures as may be required, be authorized?

AND THAT arguments for or against the preceding measure(s) may be submitted to the County Superintendent of Schools of Santa Clara County, c/o Registrar of Voters, 45 West St. James Street, P. O. Box 1147, San Jose, California 95108, not later than APRIL 10, 1970, which has been determined by the County Superintendent of Schools under the authority of section 1462 of the Education Code to be a reasonable date based upon the time reasonably necessary to prepare and submit the arguments. No argument shall exceed 300 words in length. Arguments may be submitted by the governing board of the district or any member or members of the board authorized by the board, or any individual voter or bona fide association of citizens, or any combination of such voters and associations.

Pursuant to section 1465 of the Education Code, no argument or statement concerning a school district ballot measure shall be accepted unless a verification in substantially the following form is attached to such argument or statement:

I, ______________________________, do hereby declare under penalty of perjury that I am one of the signers of the foregoing document and that said document is true of my own knowledge except as to matters which are therein stated on information or belief and that as to those matters I believe it to be true.

LEGAL NOTICE

NOTICE OF FILING APPLICATION FOR INCREASES AND DECREASES FOR INTRASTATE TELEPHONE RATES

The Pacific Telephone and Telegraph Company on March 17, 1970, filed with the Public Utilities Commission of the State of California an application, numbered 51774, for authority to increase and decrease certain intrastate rates and charges applicable to telephone service furnished within the State of California. In general terms, the proposed increases and decreases are as follows:

Exchanges in the San Francisco-East Bay, Sacramento, Los Angeles, San Diego and Orange County extended areas would receive increases resulting from the application of uniform sets of basic exchange rates for residence and business service. The increase would generally be in the range of about $1.85 per main residence telephone and $3.80 per main business telephone.

For exchanges located outside of the San Francisco-East Bay, Sacramento, Los Angeles, San Diego and Orange County extended areas, increases in basic exchange residence and business rates would depend upon the size of the exchange and whether or not extended area service is offered in the exchange. These increases would be generally about $1.85 per main residence telephone and would range from $3.80 to $6.30 per main business telephone.

The message unit charge would be increased from $.0405 to $.045.

Some intrastate message toll telephone rates would be increased and some reduced.

Residence Foreign Exchange Service basic rates, Airport Intercommunicating Service rates, and Centrex Service rates would be increased.

Directory Listings rates for certain Additional Listings and Lines of Information would be increased.

Key Equipment Services rates and charges would be increased for certain MKC, DIAL PAK, and Business Interphone Services.

Mobile Telephone Service monthly rates and service and equipment and non-recurring charges would be increased.

PBX Services and Dispatching System Service rates and charges would be increased.

Service Connection, Move and Change, and In Place Connection Charges would be increased. These increases would range from $1.00 to $3.00.

Supplemental Equipment rates and charges would be increased for some items and reduced for Special Type Cords.

Special Assemblies of Equipment rates and charges would be increased, and special arrangement for use with tandem dial connection would be withdrawn.

Telephone Answering Service rates and charges for cord-operated equipment would be increased.

The rates proposed are estimated to produce additional annual gross revenue of $195,000,000.

The Company's proposed rates would become effective in various California counties and municipal corporations, including the County (Counties) of Santa Clara and the City (Cities) of Campbell, upon grant of authority therefor by the California Public Utilities Commission. The State of California and the counties and municipal corporations which may be interested in the application may obtain a copy thereof from the Applicant upon request to:

G. L. Turretto, Assistant Vice President,
The Pacific Telephone and Telegraph Company,
140 New Montgomery Street, Room 1626,
San Francisco, California 94105

A copy of the application may be inspected by any interested person in the office of The Pacific Telephone and Telegraph Company at

190 N. 5th Street
San Jose, California

and in the offices of the Public Utilities Commission of the State of California, Fifth Floor, State Building, Civic Center, San Francisco, California, and State Building, 107 South Broadway, Los Angeles, California.

PIANO LESSONS

Dear Editor:

On or about Feb. 16, 1970, I called Mr. Melvin Scott, a music teacher at West Valley College, about taking private piano lessons, having known of him through a school brochure I received through the mail. He informed me he did give private piano lessons, charged $10 an hour and that he would give me the lessons in a music room at the school.

On Feb. 18, I had my first lesson which he scheduled for Room E-8 at West Valley College. He arrived ten minutes late, proceeded to give me a lesson while we both stood up, with him playing excerpts from one page to another for one half hour. I was quite surprised because the lesson did not last one hour as scheduled, but I wrote him a check for $10, after asking him how much I owed him, and was disturbed that he had shortchanged me by one half hour. Then he escorted me to the school book store to purchase a piano book which they did not have in stock, scheduled a lesson for the following week and departed.

On Feb. 25, I had my second lesson and this time he was 20 minutes late, gave me a 15 minute lesson and charged me $5 for one half hour. While I was writing the check for him, he said, "Next time no more checks please, pay me in cash". I was quite astonished by the remark and said I always paid by check.

On March 11, I took my third lesson and he arrived ten minutes late, said he would give me a short lesson, which lasted ten minutes. I was very upset and disturbed and asked him why he had asked me to pay him in cash instead of by check. He replied, "I never told you I wanted cash, pay me anyway you want." He then talked about the next lesson, seemed in a big hurry to leave and we departed.

When I arrived home, I talked to some friends and related the situation to them and they suggested I stop the lessons because it probably was illegal and to contact the school authorities. It was at this time I decided to call a board member. I knew Mr. Edward Panelli was chairman of the West Valley College Board, so I telephoned him and explained the whole situation to him.

How Mr. Scott cheated me on lesson time, my paying for one hour and receiving one half hour, paying for half hour and receiving 15 minutes, how he had insisted on being paid in cash instead of by check and then denying he had ever said it to me, which infuriated me and made me suspicious that some illegality was going on and that I didn't like being placed in a compromising situation. Mr. Panelli was very concerned, told me he would check into the situation and to call him back in a few days.

I was curious to know if the other piano teachers of the music staff were involved and telephoned Mr. Kenneth Jewell, another piano teacher, and asked about lessons. He assured me he would give private lessons and that he would use public school facilities.

I feel that a paid public school teacher who uses a public school room for his own private business, utilizing taxpayer's money for his own personal gain, should be released from his job.

I also feel it is my duty as a taxpayer and citizen to bring this matter to the attention of the voters, because it is they who have to pay the taxes to maintain the schools for our children, not pay taxes to promote a teacher's private enterprise. I think this situation is appalling and an abuse of the public's good faith and that an investigation should be in order.

Sincerely yours,

PROGRESS EDITION

Dear George:

Hearty congratulations on your recent "Progress Edition" of The Campbell Press. We thought that you covered in a most adequate manner the progress which has taken place in Campbell over the past year.

We were both happy and grateful for the story about the growth of West Valley College, and the plans for our construction program designed to meet our growing student body. The article was well done, and presented the picture in an admirable manner.

Again, heartiest congratulations upon the success of your special edition, and our appreciation for being included within it. With every good wish,

Most cordially,
Wallace W. Hall,
President
West Valley Joint
Junior College

ANSWERS CRITIC

Dear Sir:

The following letter is being sent to the Campbell Elementary School District Trustees:

This is to inform the board that we approved of the Conservation Week program at Rolling Hills Jr. High School. We have a son attending the 8th grade who participated in the activities and we do not consider him an agitator or a victim of mob psychology, nor did he show any signs of emotionalism.

Since it is obvious that some parents are unable or unwilling to instill a social awareness in their children, the task must be assumed by the schools.

When we no longer have a "participatory democracy" we will have a dictatorship and the "uninvolved" make it possible for dictators to attain power. We hope our son will always engage in orderly protest and be politically active whenever action is needed to eliminate or correct an undesirable situation. Not all "citizens committees" serve a constructive purpose but we must tolerate even the ones that are opposed to progress and enlightenment.

We urge the faculty of Rolling Hills Jr. High to continue to encourage student awareness of the world in which they live.

Very truly yours,
Mr. and Mrs. Ken

FOR CONSERVATION
Program I

Dear Editor:

A letter from Mrs. Deloris Feak appeared in your March 18th Press issue regarding National Conservation Week and the week-long activities at Rolling Hills Jr. High recently.

To say only that I felt her letter was one of the most ridiculous articles I have ever read in your paper, would be just a mere approximation of the truth.

I happen to be familiar with the program she refers to since I too have a son at Rolling Hills. I feel that Mrs. Feak's description of our program was completely erroneous. The activities were very well planned and organized, and I could see nothing objectionable about the program.

I am very choosy and particular about the activities my children participate in, and if the program had been what Mrs. Feak described in her letter, I would not have allowed my son to have been a part of it.

I strongly resent Mrs. Feak's derogatory comments towards our faculty. I have known Bruce Stevenson, our principal, for many years, and I know how hard he works to maintain a fine, orderly school. Bruce would never allow the type of program that Mrs. Feak described in her letter to ever take place at his school – rest assured!! I think Rolling Hills school is one of the finest in our district.

Mrs. Feak is also strongly opposed to the proposed Family Life Education program at Rolling Hills, and wastes no time publicly degrading it also.

I am proud to be a member of the citizens advisory committee in favor of F.L.E., and feel it very unfair for anyone to stand in the way of what I want for my children. (Parents may by written permission request that their children not attend these classes, if they wish)

Until proven otherwise, I will place much faith in the Campbell Elementary School District, and I will continue to support the people who teach my children. Since Mrs. Feak is so terribly dissatisfied, perhaps she might consider trying a private school or moving to another district.

Sincerely,
Dolly Surratt

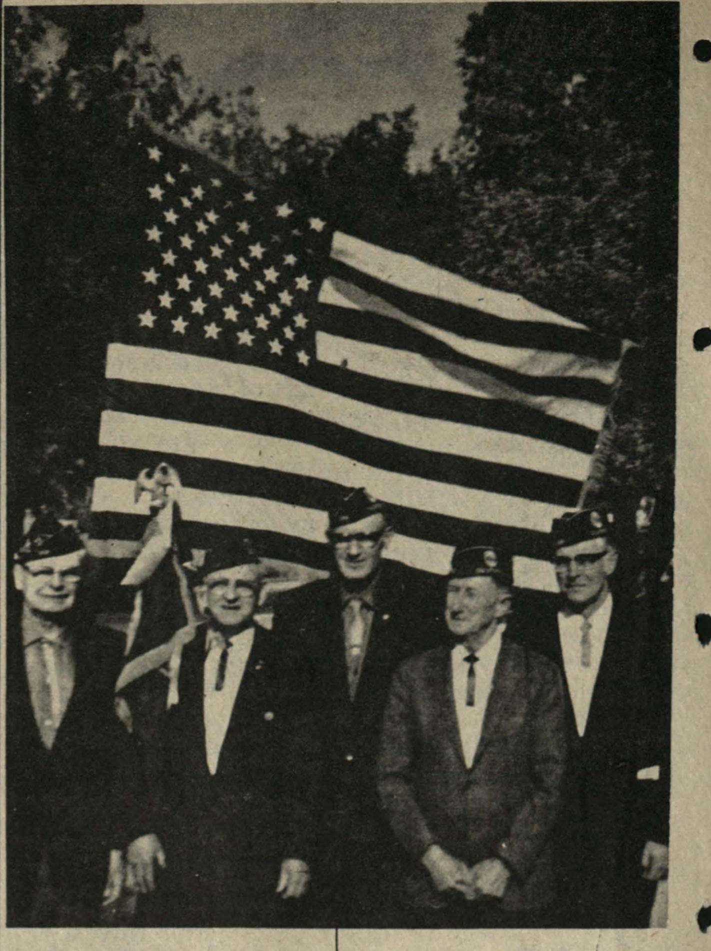
YORKTOWN IN PORT

Navy Petty Officer Third Class John J. Masciocchi, son of Mr. and Mrs. Angelo Masciocchi of 970 Steinway Ave., Campbell, has arrived in Boston aboard the aircraft carrier USS Yorktown.

His ship, now 27 years old, is being prepared for deactivation at the Boston Naval Shipyards.

The Yorktown is a veteran of World War II, the Korean and Vietnam Conflicts and the recovery of the Apollo Eight astronauts.



COLOR GUARD---Each Sunday afternoon flag lowering ceremonies are conducted by various service and civic groups in memory of the seven different war veterans who have been interned in the park. The nearest of kin of the war dead of each engagement is notified of the service and take part in the ceremony. Taking part were, l. to r., Lee Spencer, Milton Ogden, Carl Cada, Marion Nimerick and William Broadstone, post commander.

Moreland kindergarten pre-school clinic opens

Moreland School District will conduct its 5th annual Pre-Kindergarten Clinic in the districts 14 elementary schools beginning April 14 and continuing through May 22. The clinic schedule will be available at each school office. If the parents desire, children will be scheduled for the clinic at the time of kindergarten registration.

Vision, hearing, dental and speech screening will be offered and kindergarten teachers, nurses, psychologists and speech therapists will participate in each of these clinics. Results of the screening will be discussed with each parent..

Pre-registration of kindergarten children for the next year in the Moreland School District, as announced by Superintendent of Schools, Richard L. Davis, is far below the estimated number expected to start school in September.

Parents with kindergarten-age children are urged to complete registration and to inform their friends and neighbors of this notice.

Children born on or before Dec. 2, 1965 are eligible and parents are required to submit valid proof of their child's birthdate and immunization against polio and the so-called "10-day" measles.

The hours of registration are 9 a.m. to 4 p.m. in the elementary school in your area.

Obituaries

H. GILBERT TREVETHAN

Harry Gilbert (Gil) Trevethan, 58, passed away at his home, 54 N. Second St., on March 18 following a long siege of illness with multiple sclerosis.

He was the husband of Dorothy P. Trevethan, Campbell City Clerk. A native of Sutter County, he was a retired accountant. He served as comptroller for the Sacramento Bee for eight years before serving in the U. S. Marine Corps for eight years during WWII.

Following his discharge, he worked as office manager for Hennessey Butane on Monterey Highway and in 1948 made his home in Campbell. He belonged to Sunset Parlor 26, Native Sons of the Golden West in Sacramento.

Other survivors include his son, Pfc Gilbert Edwin Trevethan, serving with the First Air Cavalry in Vietnam; a brother, Stanley Trevethan of Orange, and three sisters, Mrs. Pearl Raabe of Orange, Mrs. Louise Bently of Rio Oso, Sutter County, and Mrs. Lorraine Jennings of Temecula, Riverside County.

Funeral services were held at 2 p.m. Saturday afternoon from the Darling, Fischer & Faber's Campbell Memorial Chapel with the Dr. Corwin Olds officiating. Final services were held at the Los Gatos Memorial Park.

JOHN A. TYSON

John A. Tyson, 81, a member of the Orchard City Grange of Campbell, passed away last week following a long illness. A retired painter, he had worked in Santa Clara Valley for 50 years.

A native of Niles District of Fremont, Tyson lived at 1591 Hamilton Ave. He is survived by his wife, Mrs. Dorothy L. Tyson, a son, John C. Tyson, and a daughter, Mrs. Dorothy Nadine Owens, both of San Jose. He also leaves four grandchildren and nine great-grandchildren.

Rites were held at Oak Hill Mortuary with interment at the Oak Hill Memorial Park.

JOSEPH GARNER

Final services were held Wednesday, March 18, for Joseph Edward Garner, 66, of 3762 Acapulco Dr. Garner was a member of USS Spindle Eye, the U.S.S. electronics ship that transmitted the Bikini atoll atomic tests and was an eyewitness to the testing.

He retired as a U.S. Navy Chief in 1947 and went on to a career with the Federal Reserve Bank in San Francisco as assistant supervisor of mails. He had resided in Campbell for two years before his passing.

Garner leaves his wife, Mrs. Dorothy E. Garner of Campbell; his son, Joseph E. Garner, of Sunnyvale and three grandsons.

Requiem Mass was recited at St. Lucy's Church with interment in Oak Hill Memorial Park.

Campbell Memorial Chapel was in charge of the arrangements.

IRENE LUCERO

Services were held last week for Mrs. Irene Lucero, 60, who passed away just a few weeks after her husband, Manuel, died on March 1. She made her home at 549 W. Latimer Ave.

A native of Santa Clara, she leaves a son, Manuel Lucero of San Jose, and a daughter, Mrs. Frances Ayala of Campbell. She was also the sister of Eva Renaldo of Bakersfield, Mary Ayala of Santa Paula, Yuma Tapia and Dorothy Lema, both of San Jose, Lorraine Mendoza and Rose Lema, both of Morgan Hill, Marge Lema of Tres Pinos, Charlotte Cisneros of San Martin, Manuel Lema of Salinas and Clarence, Victor, Tony and Johnny Lema, all of San Jose. She also leaves nine grandchildren.

CUB SCOUTS

CUB PACK 334

Members of Cub Pack 334 recently held their annual Blue and Gold potluck dinner at the Cambrian School auditorium. Giving the invocation was the Rev. Father John T. Brennan, assistant pastor at St. Lucy's Church.

Cub members and parents alike enjoyed a talk by Chief John Morgan of the Campbell police, and a movie of the 1969 Scout-O-Rama.

Awards given during the evening included a three year pin and Showman Badge, Jimmy Barnett; Wolf Badge, Steven Barnett and Weblos Badge, Greg Gunsky.

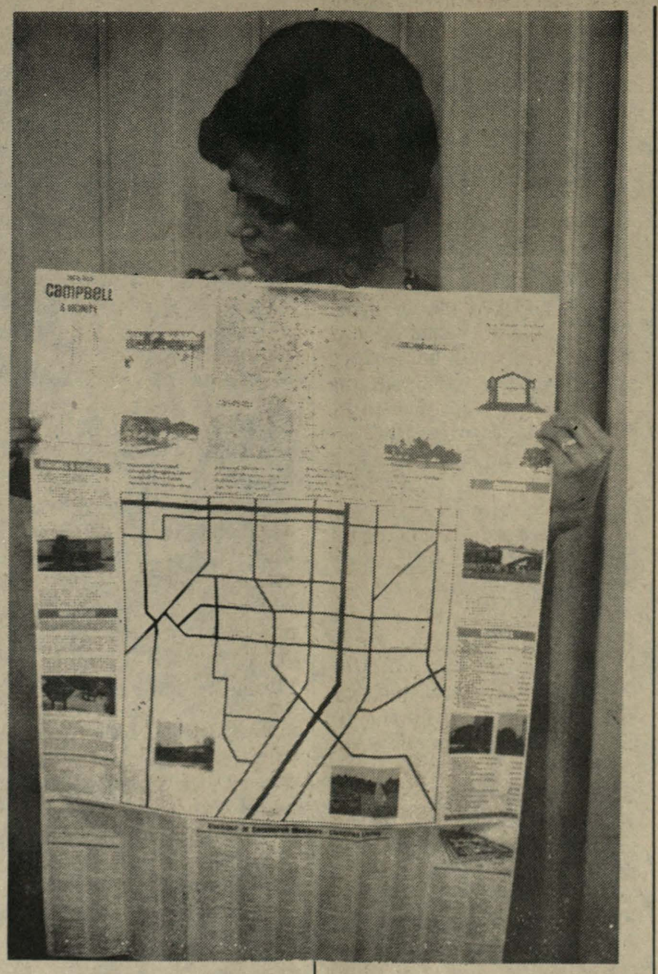
Receiving trophies for the rocket races were Greg Gunsky, first; Steven Kulish, second; and Steven Rhoads, third.

Award skins were made to Jonathan Willey, Kenneth Chandler, Jeff Jenner, Jim Barnett, Steven Kulish and Jeff Bowlsby.

Also receiving recognition were Sandy Jennings and Patty Wente as former den mothers; Steve Kulish, plaque award; and Ray Ochoa, Den Chief award.

Eight year old boys, or those in the third grade in the vicinity of Bohnett Grammar School or Cambrian School interested in joining cubs, are urged to contact membership chairman Edmond F. Stoll. He can be reached at 377-1704 days or 293-7533 evenings.

Pack meetings are held the last Friday of each month at Cambrian School, corner of Curtner and Bascom Ave. at 7:30 p.m. in the auditorium. At least one parent must attend with their son.



NEW MAP---Mrs. Connie Clark, Campbell Chamber of Commerce secretary, looks over the new map now available for the Campbell area. The new map also replaces the service directory, as listings of all of the Chamber of Commerce members will be found on one side along with public information numbers and two other maps, one showing the Campbell area as related to the Central Coast region and the other the main streets in Campbell. Although the information has been proofread several times, possible errors may be found and these should be called to the attention of the CofC office for corrections on future printings. One such error has already been noticed where Sunberry apparently goes through from Hamilton to Latimer, when in reality it deadends before Hamilton. Maps will be available at the CofC office, and city hall.

ON CAPITOL HILL

with "Charlie" Gubser

It is often said that private business would soon be bankrupt if it operated like government. Here is one reason why, which was uncovered by the Strategic Stockpile Subcommittee on which I serve.

It seems that in order to purchase $24.7 million of uranium we didn't need and didn't want, the Department of Defense, Department of State, Department of Agriculture, the Atomic Energy Commission, and the General Services Administration teamed up to not only buy the uranium, but also $27.7 million of industrial diamonds which we also didn't need and didn't want. Here's how it happened:

In 1953 the Atomic Energy Commission entered into a long-term purchase agreement for uranium from South Africa, but as the years went by our domestic production increased. We became the world's largest producer in 1962 and no longer needed South African supplies.

In 1965 our government became concerned about our adverse balance of payments and sought a means of fulfilling our contract with South Africa by shipping surplus agricultural commodities on a barter basis, thereby saving an outflow of dollars. Then the Agriculture Department entered the picture and started to trade wheat and other surplus commodities all over Africa as part of the deal. By a means which has never been clear to me, it was decided by the State Department that we should help the Republic of the Congo by buying $27.7 million worth of industrial diamonds for our supplemental stockpile. Then, to complete the package, the Department of Defense made procurements in foreign countries in an amount of $30.7 million.

Last week the Administration requested our committee to authorize the sale of our entire stockpile of industrial diamonds. It seems that, thanks to negotiations like the one outlined above, we have acquired a 100-year supply of 8.2 million carats of industrial diamonds, at a cost of $99 million, which are not usable in this country.

Industrial diamond brokers contend that if the General Services Administration follows through in its plan to sell them in the foreign market they will undoubtedly be bought by the International Diamond Syndicate and mixed in with higher quality and more usable industrial diamonds which we must still import from the Syndicate. Thus, even if sold abroad, they will wind up as a glut on the American market.

The strategic and supplemental stockpiles have long been a political plaything. Instead of being used to serve the national defense, almost every department of the government has used it to further its objectives. Often stockpile materials have been sold as a source of revenue and to control a market price while urgent requirements for some materials have been ignored.

At present the Nixon Administration is counting upon $750 million in revenue from sales of strategic stockpile materials. This may be justified, but in light of some of the manipulations I have seen over the years I intend to question the disposal very searchingly.

The stockpile should only serve the needs of national defense. Never again should it be used to dispose of our surplus crops which we don't want, to avoid paying dollars for uranium we don't want, provided we buy diamonds which we don't want either.

Girls complete fire station landscaping

Saturday, March 14, saw the completion of the landscaping of Campbell Fire Station No. 2 on Sunnyoaks Ave. Swarms of Brownies and Girl Scouts turned out in force to plant the over 300 individual plants and shrubs.

From Girl Scout Neighborhood 17, with their leaders, were St. Lucy's Brownie Troop 442, Mrs. Sharon Faler; Sherman Oaks Junior Troop No. 303, Mrs. Marie Ciriglíano; St. Lucy's Junior Troop No. 603, Mrs. Frances Ambrosini; Junior Troop No. 861, Campbell, Mrs. Shirley Mason and Mrs. Dorothy Wallace; Hamilton School Brownies, Troop 761, Mrs. Artie Flanagan and Dover Juniors No. 669, Mrs. Richard Lohsen, representing the leader.

Also present to assist with the planting was Mrs. Lee Aversente, Santa Clara Valley Junior Gardening Chairman and Mrs. Ruth Hartman, vice chairman of the Campbell Citizens for Beautification, who coordinated.

In addition the troops contributed to the plant fund. Troops donating were Dover School and Brownies 158, $2; Brownie 465, $2; Juniors 166, $6.50; Junior No. 669, $6.50.

From Hamilton School Brownie Troop 761 contributed $6.50. Rosemary Juniors 1018, $3; Sherman Oaks, Brownies 777, $5 and Juniors 303, $1.75; St. Lucy's Brownies No. 422, $3.50 and Juniors 603, $3.50.

Contributing organizations during the story published on March 4 left out the Campbell Garden Club donation of $60.

The "Flea Market" will be held in the Campbell High School parking lot, One Campbell Ave., on Sunday, April 12 from 9 a.m. to 4 p.m. Parking will be free and there will be no charge at the gate.

Gates will open at 8 a.m. for display set-up, with each display being allowed two car spaces. A free loud speaker ad will be available during the day. Space rental will be only $2. Reservations may be sent to Mrs. Robert Ross, 710 Emory Ave., Campbell. Booth confirmation will be sent by mail when payment is received.

This fund raising event should prove to be fun for the whole family and organizations are welcome to reserve space.

Campbell High senior competes for PG&E award

Steven Borsgard, of 540 Sobrato Dr., a senior at Campbell High, is among the 27 high school seniors representing schools in San Mateo and Santa Cruz counties in the semi-final competition for six Pacific Gas and Electric Comany's 16 annual $4,000 college scholarships.

This is the fourth year of the PG&E scholarship program.

Twenty students in two groups of 10 each will be interviewed by a panel of judges of the San Jose division and judging of the 20 will take place during the week of March 30 - April 3.

From each group of 10, three will be chosen as finalists and one will be selected the winner in San Francisco, April 13.

Easter SUNRISE SERVICES

The annual Community-wide Easter Sunrise Service will once again be held at Oak Hill Memorial Park and Mortuary at 6 a.m. Easter Sunday morning. This will be the 23rd successive year for an interdenominational, community service on "Sunrise Hill", at the foot of the towering white cross.

The Sunrise Service Sermon this year will be delivered by the Rev. Dr. Richard C. Norberg, who will speak on the theme, "Choose Life." Norberg is Conference Minister and Executive of the Northern California Conference, United Church of Christ (Congregational-Evangical Reformed).

Choral music at the Service will be the Emmanuel Baptist Church combined youth and senior choirs, San Jose. Director is Mrs. Elsa Hendrix. They will sing the anthem, "Magnify the Lord" by Virgie Carrington DeWitty, and the Negro Spiritual, "Were You There".

Participating in the service will be The Rev. Anthony Wayne Myers, Congregational Church of Campbell.

In case of rain the service will be held at San Jose Civic Auditorium.

Those attending should come early as there is a short walk up the hill to the location for the service.

The service is planned by representatives from the Evangelical Association, the Pentecostal Association, the Santa Clara County Council of Churches, and Southern Baptist Association.

FLEA MARKET

The D. M. Bagby School, Leigh and Harris, is holding a Flea Market on April 4 from 2 to 4. Anyone wanting to turn their unwanted articles into personal gain can do so by renting a space. If you have nothing to sell, come and shop for bargains.

Oddly enough, a "substitute" team once won the NCAA championship basketball tournament!.... In 1944, just before the tourney was to start, Arkansas withdrew because two of its stars were in an auto accident . . . NCAA officials frantically looked for a team to replace Arkansas . . . Finally Utah consented to substitute even though Utah had finished only third in their conference and had already lost in the National Invitation Tournament and were eliminated there . . . But Utah surprised everybody by then winning the NCCA tournament.

WVC religious course starts

"The people in the United States have found the highest standard of living of any nation anywhere in the world. We thought when we got there that we would reach fulfillment and now we find that we don't know where to go from here."

And with that Dr. William Miller began his four-week course on "Great Religions of the World: What's the Difference?" at West Valley College.

Miller, protessor at College of San Mateo, in each of the Friday night sessions is examining fundamental beliefs of the great (in terms of numbers) religions of the world within a comparative context.

In the upcoming weeks, Dr. Miller will be discussing man's relationship to God, man's relationship to man and death and what follows.

Interested residents of the district may still register for the 8 p.m. course through the Office of Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext 58.

Registration may also be done at the door of the auditorium Friday night, located at 51 E. Campbell Ave.

Blind plan social evening

Men, women and children who have lost their sight, need not sit home and feel cut off from social events. On the second Wednesday of each month a social evening is planned for those who are blind or partially sighted.

On April 8 the meeting will be directed by volunteers from the San Jose State recreation department. The meeting will be held at the Blind Center on Bascom Ave. starting at 7:30 p.m. Information and transportation arrangements can be made by calling 243-3504.

HELEN WOMACK

Local artist speaks at meet

Campbell artist Helen Womack, 1300 N. Sunberry Dr., will be guest speaker at the Wednesday, April 1, meeting of Mission City Artists.

She will demonstrate a special technique in acrylic painting with the use of a "water spray" and will show examples of paintings done in this new method.

The 8 p.m. meeting in Triton Museum of Art, 1505 Warburton Ave., Santa Clara, is open to the public.

Mrs. Womack has won art awards in both modern and conservative art and has exhibited at Parks Gallery, Paint Brush Gallery, Winchester Gallery, Zellerback Building in San Francisco, etc.

The wife of Rev. Elbert W. Womack and the mother of four, she teaches general art besides being quite successful in selling her paintings.

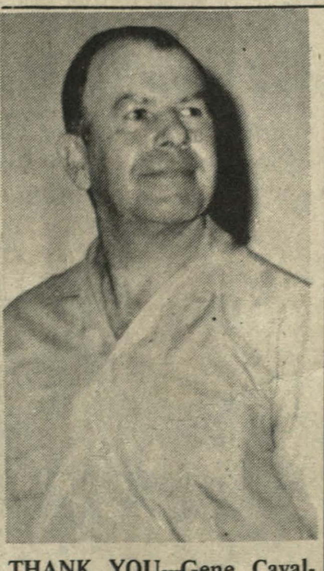
She majored in art in college and studied privately with Mike Lindstrom and Myrtle Hawkins. She will have a one-man show in the Santa Clara Savings and Loan, Mission Center during May.

SORORITY ORGANIZES

An organizational meeting for the formation of an alumnae chapter of Sigma Sigma Sigma National Social Sorority will be held on Thursday, April 2, at 8 p.m. in the home of Mrs. T. L. Arnett, 12361 Hilltop Dr., Los Altos Hills, Calif.

Tri Sigmas in the area are urged to contact Mrs. James Foil at 253-7698 for further information.

FASHIONS TO BENEFIT CHILDREN---A fashion show-bridge party will be presented by the San Jose Alumnae Chapter of Delta Zeta Sorority Saturday, April 4 at the Delta Zeta Sorority House, 201 S. Eleventh St. Proceeds from the show will go for equipment of the San Jose Pre-Nursery Hard of Hearing Clinic, where ladies of the alumnae chapter work as volunteers. The clinic makes possible detection of hearing defects soon after a baby's birth. Pictured, right to left, are Mrs. Robert Michael, speech therapist at the clinic; Mrs. James Craig, volunteer helper and general chairman of the benefit fashion show; and Norman Edwards, 3, a student at the clinic. Mrs. John Murphy of Campbell is president of the chapter. Modeling will be Mrs. Lowell Grattan, also of the Campbell area.



THANK YOU---Gene Cavallaro, night foreman at the Del Mar High School, was one of the two recipients of Personal Service Awards from the school PTA. It's a nice way to say thank you for a job well done.

SERVICE AWARDS --- Mrs. Martha Shannon, veteran member of the Del Mar High School PTA is shown receiving the PTA Personal Service Award from James O'Connor. The presentation was made at the recent Founder's Day meeting of the PTA.

COME TO CHURCH FOR EASTER SERVICES

Special services will be held in Campbell churches in observances of Holy Week.

Maundy Thursday will find most of the churches observing the Last Supper in various ways with many churches planning joint Good Friday Services. All churches extend cordial welcomes to all to attend any of the services, on Good Friday and Easter Sunday.

A Union Good Friday is planned by the St. Lawrence Episcopal, Campbell Congregational and First United Methodist at St. Lawrence with meditation between 12 and 3. Each of the three ministers will take part in the service and worshippers are invited to come and stay as long as possible.

Joint services will also be held by the Saratoga Avenue Baptist Church and the Campbell Baptist Church at the Campbell church from 12:30 to 2:30 p.m. Devotions will be given by Dr. Jim Warnock, Dwight Allen, youth pastor of the Saratoga Avenue Church and Rev. Harry L. Twining, and Dr. H. O. Van Gilder, First Baptist Church of Los Gatos pastor. Worshippers may come and go between the seven parts.

Mass will be held on Good Friday at St. Lucy's Catholic Church at 1:30 p.m. and 7:30 p.m. with a 9 p.m. mass on Holy Saturday.

Easter Sunday Services will be held at all churches. Three services, at 7:30, 9 and 10:30 a.m. will be held at the First United Methodist Chruch. Two are scheduled for the Congregational Church of Campbell service at 9:30 and 11 a.m. with church school at 9:30 a.m.

Masses will be held at St. Lucy's at 7, 8:30, 9:45, 11 and 12:15 p.m. with no evening mass on Easter Sunday.

Three morning services at 8:30, 9:45 and 11 a.m. will be held at the Saratoga Avenue Baptist Church and two Sunday evening musical services at 7 and 8:30 p.m. with the choir presenting the Easter vesper "O Sacred Hour".

Worshippers at the Immanuel United Presbyterian Church will be able to attend services at 9:30 or 11 a.m.

Other churches are also planning special music and worship services.-

receive you unto myself;
that where I
am, there ye may
be also."

Easter Music

"He is risen!" The message rings across the centuries, as Easter spreads its radiance throughout our cities, our churches, our homes. At the dawning of Easter morn, we cast aside the cares and worries of our daily round. On this gladsome day, truly a time to worship and rejoice, we experience anew, with joy and reverence, the spiritual rebirth wrought by the miracle of Easter. With hearts uplifted, with faith and hope renewed, we go forward, sustained by the spirit of Eastertide. In this spirit, we share our joy with friends and neighbors and extend our heartfelt greetings. May the blessings of Easter be with you, always.

1. (John 20:1) When Mary Magdalene went to the sepulchre where Jesus had been buried, was the stone still in front of the tomb?
2. (v.2) She ran and told ________ and the other disciple, "Whom Jesus ________".
3. (v.3-6) Who was the first of these two to go inside the sepulchre?
4. (v.6-7) Was the head cloth used in burial lying with the rest of the burial clothes?
5. (v.9) Were they aware yet of what had happened to Jesus?
6. (v.11,12) When Mary looked into the tomb, whom did she see?
7. (v.13) Were these angels able to communicate with Mary?
8. (v.14,15) When Mary turned from the tomb, did she recognize Jesus immediately?
9. (v.16) When did it dawn on her to Whom she was speaking?
10. (v.17) Jesus told her to tell his brethren, "I ascend unto my ________ and your ________; and to my ________ and your ________"
